

Year 1

Maths Remote Learning Pack

Manor Court Community Primary
School

Task 1

Today, you can pretend to be shopkeeper and customer. You could set out some toys and give them price tags. You will need a grown up or sibling to help you. Practise buying things and working out the correct change. You can use your number line or 100 square to work out the subtraction calculations.

You could have a go at some of the addition and subtraction games here.

REASONING:

I bought a cake for 12p and a sweet for 7p. My sister say I have spent 20p – is she correct? Explain.

Task 2

Choose one of the games here to support and further explore addition and subtraction.

<https://www.topmarks.co.uk/maths-games/5-7-years/addition-and-subtraction>

Task 3

Can you find all of the numbers that can be made by adding all of the dots on two dice?

Look at these butterflies and flowers. All of them have a number.

Can you find two butterflies to go on each flower so that the butterfly numbers add to the flower number?
