Friday 5<sup>th</sup> March 2021

Dear parents and carers,

## **re: Teaching of Online Safety at Manor Court**

At Manor Court, we aim to teach children how to be safe, happy, and confident users of the internet and online games and apps. It will be an important part of their lives so we want to teach them the skills they will need. We do this through E-Safety lessons, which are taught to every year group, each half term and links to online safety are also made in our computing lessons and other curriculum lessons when we are using technology.

In our E-Safety lessons, we follow the ActiveBytes scheme developed by eLIM who are an Education Technology team that is part of Somerset's Support Services for Education. Sent with this letter is an overview (created by eLIM) of the online safety objectives that we cover each term. We realise how important it is that we all work together to help keep children safe, so we are sending the overview out to you so that you are aware of the content that we cover in school. Hopefully knowing what we discuss in school will help you when speaking to your children about online safety.

Thank you so much for your support with this and with all other aspects of your child's learning. If you have any questions at all about the teaching of online safety, please let me know.

Yours sincerely,

Miss Thompson  
Online Safety Co-ordinator
