Tuesday 31st January 2023

Dear parents and guardians,

re: Safer Internet Day and online safety assemblies

On Tuesday 7th February 2023, it is Safer Internet Day which is a day that people all around the country talk about using the internet and learn how to stay safe online. The theme this year is 'Want to talk about it? Making space for conversations about life online.'

We want to make an online safety display board in our school which we will cover with comments from lots of people. We would like to include comments from children and adults in our school and also from adults at home so we need your help!

We are going to have a competition and whichever class wins will get a prize. The winning class will have the most comments from outside of school.

You can write comments about anything to do with the internet. For example, you could write about how the internet has changed since you were at primary school or what you know about being safe online. You could write down the things that you like about the internet or top tips and advice.

Please give your comment on a piece of paper (no bigger than A5) to your child to take into school by Thursday 9th February.

We will reveal the completed board in our two online safety assemblies. Each class will present something they have talked about on Safer Internet Day and you can also see the finished board.

The key stage 2 assembly will be Tuesday 7th March at 2.50pm and the key stage 1 assembly will be Wednesday 8th March at 2.50pm. The assemblies will be finished by 3.15pm.

Thanks for taking part and we hope to see you at the assemblies,

The Online Safety Council
